# Provincial Storytelling Radio Archives

Since launching our pilot project last September—*The Ontario Storytelling Archive*—Storytellers of Canada has partnered with numerous organizations to create the first provincial archive of oral storytelling, history and folklore. Our current partners are the *Durham Storytellers*, *Peterborough Storytellers*, *The Ottawa Storytellers*, *le Centre franco-ontarien de folklore*, and a partnership with the *Orillia Museum of Art and History* is in the works.

Together we are going to bring many wonderful voices to the air on SC-Radio-CC, stories that will be incorporated into our new fall schedule. And, le Centre franco-ontarien de folklore will be creating their own show: *Tire-toi une bûche!!*

As well, our two new Rovers Rick Czapelka (Ottawa) and John Bennett (Peterborough) will be trained in the art of audio production to work hand in hand with our Rovin' Producers across the country.

Let's discuss how you can build a Storytelling Radio Archive in your province!!

## The Storytellers of Canada Radio and Podcast Program

The *Storytellers of Canada* through their devotion to connecting people, reflecting culture and inspiring discovery through the art of oral storytelling, have created the storytellers' version of a national community radio station: SC-Radio-CC. We stream 24/7 myths, legends, folk and fairy tales, as well as personal stories. While our Rover Network produces in-house radio shows and documentaries exploring the many voices of Canadian storytelling. Go to [www.storytellers-conteurs.ca](http://www.storytellers-conteurs.ca). Contact us for more information.
